ANARCHISTS GO MAD

Five Thousand Become Frenzied at Paterson, N. Y. Yesterday.

Railroad Man Suicides at Paris, Tenn.—More Trouble at Vincennes, Ind.

FLASHES FROM THE WIRES

ANOTHER HAYMARKET AFFAIR.
Paterson, N. J., June 19.—About 5,000 anarchists, mostly Italians, had a bloody riot here yesterday afternoon. A speaking was held and it was voted to have a general strike. They went to one big concern, burst open the doors and demanded that the workmen quit work. A general fight ensued and many people were injured, six or more being seriously shot.

THREW HIMSELF UNDER A TRAIN.

Paris, Tenn., June 19.—Will Talbott, engineer at the L. and N. pumping station here, threw himself under the northbound passenger train this morning. Two coaches passed over him, cutting off both legs above the knee and horribly mangle his body. He lived until 9:30 and was conscious until his death. No cause is known for his act.

TROUBLE STILL FEARED.

Vincennes, Ind., June 19.—Company A, First regiment, I. N. G., is guarding the jail to prevent the lynching of William Edison. Trouble is feared tonight.

STRUCK BY LIGHTNING.

Lancaster, Ky., June 19.—While working in his field Ira Sherrow, of Bryantville, this county, was struck by lightning and rendered unconscious.

ANNIE ROGERS ACQUITTED.

Nashville, June 19.—Annie Rogers, arrested here for floating bogus money of the bank of Montana, was acquitted here. She was charged with having some of the money stolen in the big express robbery and had been in jail several months.

DIED IN COLORADO.

Richtmondt, Ky., June 19.—S. B. Hume, one of the most prominent business men of the city, died in Colorado Springs where he had been for some time for his health.

WORK IN TWO WEEKS

The Addition to the Government Building Here to Begin First.

Assurance Given Postmaster Fisher That It Will Start Immediately.

Postmaster F. M. Fisher, who is just back from Washington, left with the assurance that the work on the addition to the government building here will be the first started out of the many provided for in the recent appropriation. In fact, within two weeks the work will be started.

While only \$70,000 has been appropriated, it is safe to say that fully \$120,000 will be spent on it before it is finished. It will mean months of work and thousands of dollars spent in Paducah.

A telegram from Washington was received today asking if Postmaster Fisher had returned, and is supposed to indicate that a man will be sent at once to arrange for the beginning of work.

A GIGANTIC STRIKE

Convention of Miners Called for July 17 at Indianapolis, Ind.

A Vote to Be Taken to Declare a General Strike of Soft Coal Miners to Assist Anthracite.

IS SAID VOTE WILL BE ENOUGH

Indianapolis, Ind., June 19.—An official call for a national convention of the United Mine Workers of America has been issued from the national headquarters in this city by Secretary Treasurer Wilson. The convention will meet here July 17, to determine whether the soft coal miners of the country shall go out on a strike to assist the striking anthracite miners in Pennsylvania. The basis of apportionment of delegates to the convention is one for every hundred members of the union. This will make a convention of one thousand delegates. The voting strength of all locals is between 2,300 and 2,400. Of this the convention will have a voting strength of from 1,700 to 1,800. A little over 900 can declare a strike. The three anthracite regions cast 747 votes. Virginia and Michigan, which joined in the call for the convention have 52, making 799 votes from these five districts which united to call the convention.

As stated at headquarters conditions are not satisfactory to miners in Missouri, Kansas and Arkansas and Indian Territory, and it is believed the delegates from those sections will vote for a strike.

There are approximately about 450,000 coal miners in the United States. Of these about 350,000, Mr. Mitchell says, are affiliated with the union, and an additional 50,000 comply with the constitution of the miners' organization. It is utterly impossible at this distance to forecast what the national gathering will do, because not one delegate has yet been elected. The anthracite delegates will go into the convention with 142,000 striking hard coal miners at their back for a general strike. The West Virginia delegates will have approximately 25,000 behind them for a strike, and in Michigan, where the union has been having trouble, the delegates will also be instructed for a national suspension. Central Pennsylvania will contribute a certain number of delegates who will want a general strike, as will also Kentucky. It remains for Western Pennsylvania, Ohio, Illinois and Indiana to offset this, as it is unofficially understood that the miners in those sections are not very enthusiastic for a general stoppage of coal production.

FULTON'S LOCAL OPTION.

TWO ELECTIONS MAY BE HELD ON THE SAME DAY.

Fulton may have two local option elections on the same day if present plans do not miscarry. Those in favor of local option are circulating a petition asking for an election on September 23, to determine whether or not liquor shall be sold, and the anti-local option people are circulating a petition asking for an election on the same day.

Both sides are thoroughly organized and two local option elections on the same day will be quite an innovation, even in Fulton.

A FINGER PAINFULLY MASHED

James Pnke, an employee of the Jackson foundry, dropped a piece of steel on his left hand this morning and badly mashed a finger. Dr. Coyle dressed the injury.

ON ANOTHER STRIKE

Workmen at Rehkopf's Claim That the Agreement Was Ignored.

About Seventy-five of Them Refused to Go to Work This Morning, for This Reason.

OTHER NEWS OF STRIKES

All the employees of the E. Rehkopf Saddlery, Harness and Collar shops are out on a strike today. There seems to have been a grievance presented which was not given the proper attention, the union men claim, and about twenty saddle makers walked out.

Following this a meeting of the leatherworkers' union was held and the entire force agreed to walk out in a sympathetic strike which was this morning done. None of the men returned and the shops have remained idle all day.

The harness-makers would not say directly the cause for the action but did say that it was on account of the management not paying the wages agreed on to all employees. The matter has been placed in the hands of a committee which will confer with Mr. Rehkopf some time today and attempt to settle the matter. There are about 75 men out all told.

The gentlemen in charge of the company's main office had no statement to make. They claimed they knew nothing about the strike.

Nothing has yet been done in the matter of settling the ship caulkers' strike. The men are not at work and the marine ways people do not appear to care.

CALLED SOUTH.

A REPORT THAT ROADMASTER PAT GALVIN WILL BE PROMOTED.

Last night Roadmaster Pat Galvin, of the Louisville division of the Illinois Central, went to the New Orleans division of the Illinois Central on business. He was called there by special telegram and instructed to come at once. It is reported that the change will be made permanent and that he will be promoted to a higher position on that division. The report could not be confirmed however. Mr. Galvin passed through at 3:37 this morning.

BACK IN THE HARNESS

Grover Cleveland to Address a Political Audience Tonight.

The Democratic ex-President to Speak at the Opening of the Tilden Club in New York.

SENATOR DAVID B. HILL, TOO

New York, June 19.—For the first time since his retirement from the Presidency Grover Cleveland tonight delivers a speech to a political audience. The occasion that draws the former President from his home at Princeton to New York is the opening of the new home of the Tilden club, Broadway, near Seventy-fourth street. That the gathering is of great political significance goes without saying, for it is well known that Mr. Cleveland could not be induced to deliver a political address unless he were convinced that it would have an important bearing on the future welfare of his party. This fact is universally recognized, and as a consequence those who take an interest in national politics are manifesting intense interest in the meeting.

The gathering, according to the managers of the club, is not for the purpose of launching a new Democracy, but to welcome all leaders of Democratic thought who may have been opposed to each other in the past, and to make the occasion of the opening of the club a direct effort to harmonize various discordant elements of the party. To this end Democrats from every section of the country have been invited to be present, and no section or faction has been ignored.

Former Senator David B. Hill has accepted an invitation, and it is believed that a complete reconciliation between him and Mr. Cleveland may be brought about. Among others who are expected to be present are: Senator Bacon of Georgia, Mayor Patrick Collins of Boston, ex-Secretary of State Richard Olney, Dr. Felix Adler, John D. Milburn of Buffalo, William Everett of Massachusetts, Governor Aycock of North Carolina, W. Bourke Cockran, Lewis Nixon, Judge Rose of Arkansas, District Attorney Jerome of New York, Edward Atkinson of Boston and many Democratic members of the United States Senate, the House of Representatives and the state legislatures.

AFTER NEW LINES

Reported That This is the Object of the Illinois Central's Move.

The Earning Capacity of the Road Has Rapidly Increased in the Last Few Years.

SOME RUMORS DISCREDITED

New York, June 19.—The advance in Illinois Central on the announcement late in the afternoon of an increase of capital stock gave tone to the entire market. Illinois Central crosses 160 and closed at 159 1-4, a net gain of 5 points.

President Stuyvesant Fish of the Illinois Central announces that the new stock issue is to be made for the purpose of paying for improvements already made and other improvements planned, including the practical completion of the second track from Chicago to New Orleans, but Wall street believes that there is in prospect the acquiring of other lines. There are few roads whose securities are in better favor with the investors than Illinois Central.

The showing made in the statement given out this afternoon accounts for the favor in which Illinois Central is held. President Fish shows in his statement that the earnings per mile of road operated, which were only \$7,257 in 1898, increased to \$9,755 last year, while this year's earnings are estimated at \$9,506. This shows greater earnings for Illinois Central than that shown by Northwestern, one of the most prosperous railroad systems in the world.

A number of connecting and competing lines have been credited in Wall street as probable acquisitions of the Illinois Central. There has been a good deal of talk of St. Louis Southwestern being taken over by Illinois Central, and today's advance in the price of Southwestern gave some color to the rumor. The common sold up today to 30 1-4 and the preferred to 65 1-8. The closing prices were fractionally lower, but there was a net advance of 1 1-8 points in the common and 1-4 points in the preferred.

It is not believed in circles where there is generally a correct knowledge of Illinois Central and Gould moves that St. Louis and Southwestern will be taken over by Mr. Fish's company. It is a Gould road, of which Elwin Gould is president, and the probabilities are that it will be made a part of the Gould merger when the various Gould lines are finally combined. This, it is believed, will be done through a holding company similar to the Northern Securities Co., but will not be done until the Northern Securities case is settled and until it is definitely determined that its organization is contrary to law.

CAN GET NEW PLACE

Prof. J. E. Snider Offered a Position in Hopkinsville School.

Has Gone up to Consult—Teachers Who Will Attend the State Convention.

OTHER NOTES OF THE SCHOOLS

Prof. J. E. Snider, principal of the Longfellow building at Fifth and Court streets, left this morning for Hopkinsville in response to a telephone message asking him to come up and talk over the matter of taking the superintendency of the public schools there.

The superintendent, Prof. Livingston McCartney, has just been elected superintendent of the public schools at Henderson, leaving a vacancy that the Hopkinsville board will have to supply at once.

Knowing his ability, Prof. Snider was telephoned and may consent to take the place, in which event he would no doubt be chosen by the board of education. It is one that would be a promotion over Prof. Snider's place in Paducah. He is one of the ablest teachers who ever held a position here, and has many friends who hope he will remain in Paducah, but would nevertheless like to see him go higher.

Since the resignation of Miss Mary E. Dodson, the teacher of the Tenth grade and the assistant principal of the High school, has been handed in, much interest has been aroused in the election of a teacher to fill her place.

There are only four persons, Prof. Snider and Misses Emma Morgan, Harriet Wilson and Bessie St. Clair, who hold High school certificates and unless others take the examination before the election the position will probably go to one of these four. Some have mentioned Miss Sue Kirk, teacher of the eighth grade, but she holds no High school certificate and if elected will have to take the examination subsequently.

The following teachers have expressed their intention of attending the state educational convention at Lexington, Ky., which will be held next week. Prof. C. A. Norvel, Superintendent C. B. Hatfield, Prof. J. E. Snider, Misses Emma Morgan and Cora Halley. There may be several more in attendance from Paducah but they have not yet decided definitely. Prof. Hatfield is the only local teacher who is on the program. He will read paper on "Why the Majority of the County Institutes Now Held Are a Failure."

At a meeting of the school board at Fulton, the following teachers were elected for the ensuing year: Prof. Burkett, high school grade; Miss Hatfield McRee, Miss Mary Bond, Miss Mittie Casey, Miss Fowler of Humboldt, Miss Ada Casebeers, Miss Dorothy Robinson, Miss Effie Spencer, Mrs. Nannie Carter, Miss Josephine McClure.

Superintendent Hatfield expects to have the papers of the applicants examined for teachers' certificates completed by tomorrow and the percentages known.

EDITOR SMITH PARDONED.

Honolulu, June 19, via San Francisco, June 17.—Governor Dole has issued a pardon for Walter G. Smith, editor of the Advertiser, who was sentenced to thirty days in Oahu prison for contempt of court. Smith's offense was the publication of a cartoon attacking the judge, which was held to obstruct the trial of a pending case.

ADUCAH PEOPLE WILL FIND HERE MUCH TO INTEREST THEM.

For a number of years Paducah people have had the opportunity to thoroughly investigate the workings of "The Little Conqueror." Local citizens have testified to merit, and continue to add their endorsement. Can there be any stronger proof produced than this? Doan's Kidney Pills have stood the test of time. Have helped many of our people on the road to health. Have saved life itself right here at home in Paducah, and, better still, the good work continues. Read this case:

Mr. J. W. Hart, of 333 Jefferson street, proprietor of boarding house near Central park, says: "I had attacks of kidney complaint for four or five years and every time I caught cold it settled in the loins and I suffered severely. When the spells were at their worst I could hardly stoop or bend. If I did stoop I was compelled to regain an erect position very, very slowly. On such occasions trouble with the kidney secretions existed, and when last annoyed I noticed Doan's Kidney Pills advertised at DuBois and Co's drug store and guaranteed to cure just such symptoms of kidney complaint mentioned above. Getting them and using as directed the results of the treatment was decidedly satisfactory."

SUMMER SCHOOL

AT KNOXVILLE.

Knoxville, Tenn., June 19.—The summer school which opened today at the University of Tennessee is the most notable assembly of its kind ever convened in the southern states. Systematic courses, extending over a period of six weeks, are offered in all the principal high school and college subjects and the leading institutions of learning, not only of the south but of Ohio, Indiana and other Northern states, have been drawn on for instructors. In every respect the the faculty is considered the strongest ever brought together in any summer school in America.

AS CHARLEMAGNE

THE KAISER CONTRIBUTES TO THE PICTURESQUENESS OF PILGRIMAGE.

Berlin, June 19.—Recalling his historic pilgrimage to the Holy Land in its vivid and striking imagery was the visit of the Kaiser to Aix la Chapelle today. In order to give more brilliancy to the occasion the Imperial suite camped outside the walls from midnight to daybreak, when the party entered the city on horseback, the Kaiser dressed as Charlemagne. He was preceded by heralds trumpeting his arrival and followed by a company of fief lords, all costumed as their ancestors were in the Middle Ages. At the city gates a body of notables delivered to the Kaiser the symbolical keys on a crimson cushion, and the cortege then proceeded through the medieval part of the town. After a solemn visit to the cathedral the Kaiser was escorted to the town hall, the ancient headquarters of Charlemagne, where he met the authorities and notables of the town.

HELD REUNION

SERVICE ALONE

ONLY ONE MEXICAN WAR VETERAN APPEARED AT PARIS, ILL.

Paris, Ill., June 19.—An element of pathos attached to the annual reunion of Mexican war veterans of Edgar county, announced to take place at the fair grounds near this city. At the time appointed there appeared just one survivor of that memorable struggle, in the person of Daniel G. Burr, of Paris, who went through the ceremonial of holding a reunion all by himself, with evident enjoyment. With no audience but the surrounding trees, he called the roll of the hundred or more stalwart men who went out from this county to follow the fortunes of Scott and Taylor, and who are now so widely scattered that the known survivors may almost be counted on the fingers of one hand. Only three survivors reside in Edgar county.

The annual reunions were in former years well attended, but through the agencies of death and removal the attendance dwindled, until for three years past it has devolved upon Mr. Burr alone to maintain the custom, which, he says, will be done so long as he lives. Having been the orderly sergeant of the company which Edgar county contributed to the Illinois quota of troops, Mr. Burr has carefully preserved his roll book, and each year he checks off the names of the dead, absent and missing. His task is nearly done, for he is 83 years of age, and very feeble. He is already planning, however, for next year's reunion, at which time he announces the intention of delivering an address on the cause of the Mexican war and the part borne therein by Edgar county troops.

METROPOLIS STRIKE.

THE RHAMPENDAH FACTORY TAKES BACK UNION MEN.

The general strike in Metropolis seems nearing an end and yesterday the Rhampendahl heading and stove factory took all the union men which it had discharged.

The proprietor recently discharged them all and had not employed any except non-union men for several months. He seemed to be the only manufacturer making a hard fight against the unions and now that he has come over looks like the backbone has been broken and the others will follow his example. This was the limit set for all the union men to walk out and few were left in the mills to comply with this order.

Mr. A. D. Brooks of the T. C. Louisville division was in the city today on business. He is here doing a little general repairing on the water works system of the road. Mr. Brooks is superintendent of that department of the division.

NATIONAL TEACHERS.

ONE OF THE LARGEST CONVENTIONS EVER HELD AT MINNEAPOLIS.

Minneapolis, Minn., June 19.—Applications for accommodations indicate that the convention of the National Educational Association, to be held in this city early next month, will be the largest as well as the most representative gathering of its kind ever held in this country. The south noticeably will be better represented than ever before, while Canada will send several of her most distinguished educators to take part in the proceedings. The program of the general sessions and the numerous departmental conferences is rapidly nearing completion. It includes the names of more than 150 of the leading educators of America, among them being presidents of universities, state superintendents of public instruction, and teachers in the public schools.

The recent death of President John Henry Barrows of Oberlin college removes a prominent worker of the association and a feature of the opening session of the convention will be the adoption of appropriate resolutions in honor of his memory.

SCOTLAND YARD ALARMED

RUMORS OF A PLOT TO ASSASSINATE KING EDWARD.

London, June 19.—A sensational story is current in London of the discovery of a plot to assassinate King Edward. This story has created considerable discussion in newspapers and other articles, but it is lacking in anything like official confirmation.

According to the current report, King Edward's sudden illness at Aldershot was not due to a cold, but was merely an excuse for withdrawing his majesty from public functions, owing to the discovery by Scotland Yard of a plot against his life. The principals in this plot have not yet been arrested.

It is cited in confirmation of this story that King Edward's recovery, when he was ensconced at Windsor castle, was as complete and speedy as his attack has been sudden.

On the other hand, it must be pointed out that if his majesty's illness was merely diplomatic the officials certainly took a great deal of trouble in keeping up the fiction. Sir Francis Lake, physician in ordinary to the king, was summoned by telegraph to Aldershot; his prescriptions were hurriedly filled, and everything about the king's apartments indicated the genuine nature of his illness. Furthermore, King Edward's journey from Aldershot to Windsor in his motor car, and his subsequent drive today in Windsor park, do not seem to indicate any fear of a further attack upon his person.

DEPUTY MARSHAL BACK.

MAJOR SAUNDERS A WITNESS IN A MURDER CASE.

U. S. Deputy Marshal George Saunders, of Mayfield, returned to the city this morning after appearing before the grand jury at that place as a witness in the Alt Brown murder case.

Brown, who is a policeman, shot and killed Robert Cary, colored, last May in alleged self-defense, and the coroner's jury returned a verdict exonerating him entirely. Several persons however had been agitating the matter since that action of the jury and wanted an investigation before the grand jury, which was called for today. Marshal Saunders had business here today and was examined yesterday, the others being examined today, the regular time set for the hearing of the evidence.

For Sickly Mothers.

Zoa Phora Brings Instant Relief to the Dreadful Pains and Backaches of Irregularity, Cures Change of Life, Weakness, Nervousness, and All the Diseases Peculiar to Women.

LARGE TRIAL BOTTLE MAILED FREE TO ALL WHO WRITE.

Zoa Phora is the only true tonic for tired, pale, sickly women. It revives them, awakens their nerves, tones up their stomachs, brightens their eyes, and gives to their body the elasticity and buoyancy of youth. If you suffer from female weakness, leucorrhea, suppressed or painful monthly periods, falling or displacements, flooding, ulceration, irritation, weak or lame back, disordered liver or stomach, sick kidneys, rheumatism, neuritis, nervous headache, or highly nervous condition of the body or mind take Zoa Phora and be cured.

Mrs. Emma Dobson, Jerseyville, Ill., says: "I have kept Zoa Phora in my house for twenty-one years, using it at monthly periods and preparatory to confinement. I have often said I had sooner go through childbirth without attending physician than do without Zoa Phora previous to confinement. I have been the mother of five children. Before the first two came I had not heard of Zoa Phora, and suffered labor with one fifty hours before delivery. The last three births I used Zoa Phora during each pregnancy and was out in labor over four hours for any of them. I have now passed safely and comfortably through the critical time, called change of life. I suffered very little pain, because I used Zoa Phora. It is the best medicine for painful monthly periods I have ever seen, and I have given it to several women, and have never known it to fail."

Mrs. Marie Pitsch, of North Dear, Mich., says: "I was troubled with female weakness, but I took Zoa Phora and I have not felt so well before in five years. I took Zoa Phora last fall just before my baby was born and it was the means of making confinement very easy for me. I received taking it after baby came and it quickly restored me to health again." (Get a dollar bottle of Zoa Phora at the nearest drug store, or the Zoa Phora Co., Kalamazoo, Mich., will send it to you, prepaid, on receipt of price.)

The Wilford will be out of the Tennessee river Sunday morning with a tow of ties.

The Maud Kilgore will be off the ways in a few days and will resume her towing.

The Clifton will pass out of the Tennessee river Saturday night or Sunday morning.

The Avalon left Memphis yesterday and will report here tomorrow night en route to Cincinnati.

The Memphis will leave St. Louis tomorrow at 5 o'clock and will pass Paducah Saturday morning.

The Thomas Parker has returned from Jopka and will leave Saturday for Tennessee river for ties.

The Tennessee will arrive from Tennessee river tonight and will leave Saturday on her return trip.

The John S. Hopkins arrived on time this morning and departed at 10 o'clock on her return trip to Evansville.

Captain H. Baker, of the Ayer and Lord Co., is in St. Louis to meet Mr. J. B. Lord, the president of the company.

The Inverness arrived from Tennessee river last night with a tow of ties for the Ayer and Lord people. She departed this morning for the Tennessee.

Charles Schiele, pilot on the steamer D. A. Owen, fell from the deck of

his boat near Mt. Vernon, Ind., while asleep and was drowned. His body was recovered.

The rivers show a fall at all points except at Chattanooga, Mt. Carmel and Cincinnati, where rises are reported and at Nashville, Florence and Johnsonville, where the water is on a stand.

Captain F. M. Daugherty, formerly of Paducah, but now organizer for the Ohio Valley Improvement Association with headquarters at Louisville, is after the Evansville hull inspectorship.

The surviving children of the late Captain Jacob Poe, of Georgetown, Pa., may present the government with a claim for the burning of the steamer Clara Poe in 1861, while the vessel was up the Cumberland river. The boat is said to have been there under orders from the United States government and was captured by the Confederates and set on fire.

The sale of the steamer I. N. Hook has fallen through and the Kentucky river people at Carrollton, who took out the option on the boat, have let it run out and will not make the purchase. They took an invoice and left the city to secure the funds but have not returned and as the option has been suffered to run out the deal has been declared off. Five thousand dollars was the price to be paid and the boat is one of the best towboats on the river.

New Orleans Picayune says: "A local company is said to have contracted with the Duquesne Iron Works for a powerful iron towboat, to be used in the cotton seed business next season. The vessel will be designed somewhat after the pattern of the tunnel boats, used in the British navy, very light of draft, and suitable for use in the tributaries of the Mississippi river, and be provided with compound engines and all modern improvements in machinery required for one of her class.

The Courier-Journal says: The United States tugboat A. E. Woodruff recently made a trip of observation from Cincinnati to Cairo and return. As she was built to pull snags, remove wrecks and other obstructions, and does neither, rivermen are at a loss to know what the use in "observing" if she doesn't pull what she "observes." She is not afraid of snags or wrecks, for she will run on top of them, but she doesn't seem to have time to remove them. She's Uncle Sam's "plaything" and ought to be made useful.

"The Greenwood is no longer to be controlled by river superstitions," said Captain Gordon Greene, of the steamer, at Pittsburg recently. "On the last trip out of Charleston we carried three preachers, seven red-headed women, two bridal couples, two white horses and in the list of passengers there were two pairs of twins. It has been contended by all river men that

Beauty Triumphs, 'Tis a Priceless Treasure.

No woman objects to being beautiful. Beauty is woman's charm, joy, pride and strength. The world has always petted and adored beautiful women. A pretty woman draws maternity for fear of losing the power and influence over men. What can be done to perpetuate the race and keep women beautiful? There is a home remedy used by cultured and uneducated women in the crisis. Husbands will do well to investigate this remedy in order to reassure their wives on the point of ease with which children can be born and all beauty of form and figure retained.

Mother's Friend

Is the simple name by which this invaluable remedy is known. It will diminish all pain allied to motherhood. Used throughout pregnancy, it will dispel morning sickness, cure sore breasts, make elastic all tendons and fibres called upon to hold in position the expanding burden. Muscles soften under its soothing influence and the patient anticipates favorably the labor, in the comfort thus bestowed.

Mother's Friend is a liniment for external application. Women's own pretty fingers rub it gently on the parts severely taxed, and it is instantly absorbed and so lubricates the parts.

preachers, white horses and bridal couples on a boat at the same time were bad luck, but we never had the least trouble. I am no longer superstitious. I think we can stand almost any kind of a Jonah now."

The organizers of the Pilots' Association will arrive in Paducah soon to organize the pilots here and get them all in the association. This is a new move and will be a great thing for the pilots. Every member of the association who is out of a job will be paid \$25 per month until he has secured one and the steamboat managers do not engage the pilots personally but go to the association. The association charges the boat companies and pays the pilots itself. At Cincinnati 140 members were scored without any trouble whatever. The organizers are working down the river and will have agents at Pittsburg, Cincinnati, Louisville, Evansville, Paducah and Cairo. The local pilots are enthusiastic over the outlook.

RAILROAD EARNINGS

THERE IS STILL A GRATIFYING INCREASE.

Current earnings are on the down grade, yet there is still a slight gain over those of last year. The first week of June opens up with a sharp decrease in gains. Last year June was the smallest earning month of the fiscal period, and it will be the same this year. The month is one when very little traffic of a special character is in motion. The spring rush has been exhausted and the harvest season is just beginning.

This is the closing month of the fiscal year of the majority of the roads. The gross and net earnings will be the largest in the history of railroad. The increase is greater than that of last year by 25 per cent.

The earnings will exceed the banner year of 1900 by 15 per cent. The turn began with 1898. The total increase since then has been 55 per cent, or \$582,000,000.

MRS. MAYBRICK TO

BE PARDONED.
London, June 19.—It is reported that King Edward has definitely decided to grant a pardon to Mrs. Florence Maybrick during the coronation. Home Secretary Ritchie, when asked for a confirmation of the report, declined to make a statement. The report, however, is generally credited in well informed circles.

ECONOMY OF HAVING

TRUST COMPANIES ACT

AS EXECUTOR.

A trust company receives exactly the same commission as an individual when it serves as an executor or administrator, yet it brings to the management of an estate the combined experiences of several men of great ability in financing and management, instead of that of a single individual.

A trust company, being a permanent institution, there is no danger from deaths like there is in the management by an individual. A trust company, also, has its own strong vaults, burglar and fire proof, and offers every protection from fires and other dangers.

A trust company is in the position to secure better investments than a private individual, as this comes in its line of business, and it can usually find such investments quicker than an individual could. A trust company for the same reason is in a better position to dispose of any property if it should be advisable to do so.

The Globe Bank and Trust Co., besides doing a trust company business, does a general banking business and pays interest on time deposits. Office 306 Broadway.

DAILY THOUGHT.

"The beautiful souls of the world have an act of saintly alchemy, by which bitterness is converted into kindness, the gall of human experience in gentleness, ingratitude into benefice, insults into pardon."

THE WEATHER.

Partly cloudy tonight, with probable showers tonight and Friday.

It is announced that the Irish members of the house of commons will take no part in the coronation of King Edward. This ought to be reassuring.

Venezuela is now busy boldly knocking chips off the shoulders of the "big fellows." Her last break was to fire on a Norwegian ship. Wonder if she expects us to take her part if she gets into a scrap?

The Illinois Central, as will be seen from the news columns, is still branching out. It is to become one of the largest railroads in the world, as well as one of the best and most generous towards its employees.

It is claimed that one of the champions of the cow ordinance is an anarchist, not even a naturalized citizen of the United States, pays no taxes and owns five cows. If that isn't a tough proposition to have to go against we give up the town cow fight.

The state press is favorably inclined towards the proposed visit of President Roosevelt to Kentucky in October. While in the state, if he decides definitely to come, he will be the guest of Governor Beckham. He will receive a warm welcome, and learn that in Kentucky everybody forgets politics when our hospitality is on tap.

Paterson, N. J., is again to the front and is trying to ape Chicago's Haymarket affair. In an anarchist row late yesterday there was a general riot and half a dozen men were seriously shot. We are glad to hear from Paterson again. We feared it had been destroyed by some of the recent volcanic eruptions. It always was near the hot regions.

BUSINESS FORCE.

A lecturer on the art of advertising asserts that "advertising is as great a business force as capital, and it is as necessary to modern commerce as capital. Capital is being used today on a scale and a plan which make it virtually a new force, and advertising is its blood brother. Ten years from now the letterhead of the modern business will read, 'Capitalized for \$1,000,000; advertised for \$500,000.'" — Philadelphia Record.

having been fought over a month in the courts at an enormous cost to the taxpayers. This is the way the money goes. It will always be thus as long as ambitious and unscrupulous prosecuting attorneys and thick-headed jurors who ought to be out looking after the crops have anything to do with the administration of justice.

"Ruddy" Kipling seems to have a temper. His aunt is a Boer sympathizer, and when she put out a rag at the surrender of the Boers, insulting the British, some of the people didn't like it, and made an attack on her house. This so incensed the noted author that he has closed a town hall he had presented to the people, and the feeling is said to be quite as unpleasant as that occasioned by reading some of Ruddy's decidedly bad literature.

Some very foolish things often cause strikes. Up in Wilkesbarre, Pa., 1,000 people have been thrown out of work by a strike in a lace factory, caused by the refusal of the manager to discharge five girls who had relatives at work in the coal mines. Why the manager should be expected to discharge girls who had nothing to do with relatives or where they worked, and why the others should strike because the girls were not discharged, is something very hard to understand.

Carter Harrison of Chicago is one of the rabid breed of Democrats who seem to have lost out in the reorganization. Cleveland and Hill, on the other hand, have suddenly loomed up over the horizon, and speak tonight at a big banquet in New York. They will soon again be at the head of affairs in the Democratic party, and it will keep a force of men constantly at work keeping the cowbells off W. J. Bryan, Senator Jones, Tom Johnson and a few of the other free silver cranks.

A good law which went into effect yesterday was that preventing officers of the law from collecting fees for making arrests for felony until the prisoner had been indicted. Heretofore whenever an officer made an arrest where felony was charged, oftentimes himself being the sole accuser, \$2 has been paid by the state without waiting for indictment. Very frequently after the felony charge was preferred and the officer had collected his \$2, the offense would be reduced to a misdemeanor, and no indictment ever be found. It is estimated that the state will save \$80,000 a year by the new law.

The able Washington correspondent of the Courier-Journal, in yesterday's report, tries to be a little severe on the Republicans, and refers to the party organization as being on the "rocks of fierce factitious contention and the ragged edge of disunion." Mr. Webster gives the definition of "factitious" as being "artificial; sham." We are inclined to think that if there is any of that "dreadful contention," it must be of the factitious order, as the correspondent states, for there is certainly no real contention among the Republicans. The correspondent should be rewarded for his candor, whether it was inadvertent or intentional.

POSTOFFICE NOTES.

POSTMASTER F. M. FISHER RETURNS FROM HIS EASTERN TRIP.

Postmaster F. M. Fisher and wife returned this morning from a two weeks' trip to New York, Atlantic City, and other eastern points.

Miss Hattie Clark has returned from her vacation and resumed work at the postoffice this morning. She spent most of her time in Marshall county.

Clerk Thaddeus Warsaw Dolferry, one of the day clerks, is off on a week's vacation, which he will spend in Mayfield.

TO BURY A CHILD.

Mr. and Mrs. A. S. Cox, of Shawnee, Oklahoma, passed through the city today at noon en route to Hopkinsville to bury their child which died in Oklahoma. She is a sister of Mr. Martin Boulware, of the Wulferstein clothing establishment.

THE COW LAW

The Kind of Ordinance That Will be Introduced Tonight.

It Will Provide for "Herders," but the Owner Will Be Responsible.

Acting City Attorney R. T. Lightfoot has prepared the ordinance regulating the running at large of cows in the city of Paducah, which will be introduced at the meeting of the board of aldermen this evening.

The ordinance is quite different from the one passed by the council. It provides for herdsmen, and requires every owner of a cow to keep up the animal unless it is let loose in charge of a "herder." The owner is liable for any damage done by the animal at any time, whether in charge of the herder or not, and if a cow is turned out to be driven to pasture by the "herder" it is with the full understanding that it is at the risk of the owner.

There is another ordinance licensing "herders," the license being but \$2 a year. They are required to give bond, and are permitted to charge but \$1 a month each for taking the cows to pasture.

CLINTON'S LOSS.

TEN THOUSAND DOLLAR LOSS REPORTED THERE.

Ernest Reid's large flour mill, Geo. Bury's stable and a cooperage shop adjoining, were destroyed by fire Tuesday at Clinton.

The fire originated in the third floor of the mill and is a mystery how it started. A lot of flour and corn was destroyed.

The mill was valued at ten thousand dollars, with only \$1,000 insurance. The other losses were light.

ROUSTER DROWNED.

ONE OF THE MEN ON THE JOHN S. HOPKINS LOST AT EVANSVILLE.

John Lee, a colored rouster on the steamer John S. Hopkins, was drowned at the Evansville wharf yesterday while putting up a gate leading from the boat.

He staggered and fell into the river and before assistance could be given had gone under for the last time.

DELICATE OPERATION.

DR. BOYD RETURNS FROM METROPOLIS, WHERE HE ASSISTED IN OPERATION.

Dr. Boyd returned to the city yesterday after assisting in an operation on Mr. William McDain, of Metropolis. An abscess of the liver was removed and Drs. Boyd, of Paducah, Drs. Helm, Stewart and Miller, of Metropolis did the work. The operation was a difficult one but was successful.

ABUSED FAMILY.

J. A. MILAM ARRESTED TODAY FOR A BREACH OF THE PEACE.

James A. Milam was arrested this forenoon by Officers Harlan and Woods on a charge of assaulting Allie Hayden and his children. The warrant was sworn out by A. J. Arnold, an alleged eye witness. Milam was recognized to appear in court to answer tomorrow morning.

AN OLD CHARGE.

MINNIE BISHOP, COLORED, ARRESTED LAST NIGHT FOR ASSAULT.

Minnie Bishop, colored, was arrested last night on old charge of assaulting a negro last June and striking him in the head with a beer bottle. The warrant could not be found in time for a trial in court this morning, and the case was postponed in order that the officers may look up the witnesses.

BIG SPECIAL

Many Masons Will go to Mayfield This Evening.

A Special Train to Leave Paducah at 6:45 with Dean's Band.

All is in readiness for the big Masonic special excursion to attend the Masonic entertainment for grand lodge officers at Mayfield tonight and the special train will probably carry one of the biggest crowds ever taken out of Paducah by any secret order.

Mr. Charles Earhart has received letters from many small places near the city saying that delegations would be sent to Mayfield and it is impossible to ascertain the exact number that will go. There will be over two hundred at the least. The expense of running the train is great and will require many patrons to cover the expense. Dean's band will be taken along to furnish music and besides the playing on the train will give open air concerts on the streets in Mayfield.

The program for the entertainment is as follows:

9 to 11 a. m. Informal reception of grand officers and visiting members at Elks' club room.

3 to 5 p. m. Ladies' reception to grand officers at Elks' parlors, to which ladies and affiliating Masons are invited.

7 p. m. Master Masons' lodge conferred for exemplification of the third degree.

10 p. m. Banquet at Woolen mills, J. E. Robbins toastmaster.

"Our Guests"—Harry J. Moorman.

"Response"—Grand Master Harry Bailey.

"Free Masonry in Tennessee"—Grand Master John R. Smith.

"Old Kentucky"—Grand Secretary H. H. Hunt.

"Our Home"—Grand Treasurer John H. Leathers, of Lexington.

"Our Duty to God, Our Country, Our Neighbor and Ourselves"—E. W. Thornton.

Benediction.

ALMOST SERIOUS.

WOMAN WITH CHILD FALLS HEAVILY OVER ELEVATION IN PAVEMENT.

For several months past there has been an elevation in the concrete sidewalk on Broadway near Clements' bookstore, and no effort has been made to repair it. Peoples tumble over it scores of times a day, but as yet there has been no serious accident.

A day or two ago, however, people in that vicinity witnessed a startling mishap that came near resulting seriously if not fatally. A woman from some excursion boat was walking along with a baby in her arms when she stumbled and fell heavily with the child, falling almost on top of it. Those who witnessed it marveled at the fact that neither was seriously hurt. If the place isn't properly repaired, the city will yet get into a damage suit over it.

MINOR ARRESTS.

INDECENT EXPOSURE AND PETTY LARCENY ALLEGED.

Robert Caldwell, colored, was arrested today at noon for indecent exposure alleged to have been committed in an alley between Trimble and Boyd, Eleventh and Tenth streets. Officers Morgan and Clark made the arrest.

Henry Boaz, colored, was arrested by Special Officer Ogden, of the Illinois Central, this morning for stealing iron and brass from the Illinois Central.

A KINDERGARTEN MATINEE.

Mrs. Stuart will have a matinee of her pupils at La Belle park theatre tomorrow afternoon at 2:30 o'clock, by special request. The little folks gave a most creditable entertainment some time ago, and the one in the morning is by special request, and quite a crowd is promised.

ATLANTIC CITY

A Paducahan Enjoying the Breezes and Surf Bathing.

Much of the Damaged Property Rebuilt—Paducah's Temperature.

Sunday, June 15, 1902.

I have just read in The Sun that the thermometer was 100 in the shade last Wednesday. This is remarkable when it is hovering around 60 degrees here today, with a stiff breeze from the ocean and wraps feel very comfortable. Observer Borneman's thermometer is giving Paducah a record. Mr. Dover, Senator Hanna's private secretary, remembered that Paducah showed one of the highest records last year of any city in the United States—it was the day we had 112 degrees in the shade.

Atlantic City has improved much since my last visit here, the increase for the last two years has been nearly 40 per cent. The damages from the big fire of a few weeks ago have all been rebuilt, or are being rebuilt, much nicer and more substantial buildings are taking the place of the old ones.

This, without doubt, is the favorite seaside resort of America; hundreds of people are here now, although the season proper doesn't open until the 26th. The greatest feature of Atlantic City is the ocean front with its five mile board walk. On one side is the ocean, on the other fine hotels, cottages, places of amusement of all kinds and numbers of little stores. After five in the evening thousands of people throng the walk until 12 o'clock. This is one of the liveliest thoroughfares on the continent. Three large, long piers are on the ocean side extending far out in the sea. They are amusement piers. Large buildings are built on them in which are fine theaters, large ball rooms, promenade courts, band stands, reclining chairs and benches—everything to add to one's pleasure and amusement. They do a great business and remind one of "Carnival Week" at home.

We took a trip to Ocean City by trolley and tug this morning, stopping at Longpoint and Bay View, a most delightful 14-mile ride. Ocean City is a nice little town where many people, who do not like the bustle and rush of Atlantic City, spend the summer.

The ocean breeze and surf baths are certainly a great treat and brace for people living in the valleys; they invigorate you, drive out the malaria, are far better than medicine and a great luxury. I wish all readers of The Sun could enjoy occasionally some of them do, many more could, if they would.

Respectfully,
F. M. F.

LADIES SOCIAL.

MEMBERS OF THE Y. M. C. A. PREPARING FOR A GOOD TIME.

Tonight the reception committee of the Y. M. C. A. will meet at the association parlors to arrange a date and a program for a big reception to the members' lady friends which will be given within the next two weeks. Each member will be allowed to invite one lady, his mother, sister, or any one else he desires to bring. The mandolin and guitar club of the association will prepare a special program for the occasion and there will also be other musical features. Mr. Richie, of Owensboro, will give an exhibition in the gymnasium with his class in tumbling, and there will also be other athletic features. A lunch will be served and the reception made the best ever held.

WINGO'S NEW HALL.

The new Masonic hall has been completed at Wingo at a cost of \$2,500. It is a neat two story structure and is quite an ornament to the little city. It will be used for public gatherings on the first floor and for lodge purposes exclusively on the second. The first meeting to be held in the new quarters will be next Saturday.

\$50,000 WEDDING PRESENT

THIS IS THE AMOUNT SENATOR HANNA GIVES SON-IN-LAW.

Cleveland, O., June 19.—Harry A. Parsons, who married Miss Mabel Hanna, the eldest daughter of the senator, yesterday, received a fortune as a wedding gift. Senator Hanna told the young couple when they became engaged that he would look after them in a financial way. Parsons had no money and was dependent on his salary as assistant secretary to the senator. The lack of funds was the one great fear of both Parsons and the senator's daughter. It was said that the couple were kept in ignorance regarding the size of Mr. Hanna's present. Yesterday after the ceremony had been performed Parsons found among the presents a check for \$50,000.

MERCHANTS ASSOCIATION.

ONE FORMED IN PADUCAH LAST EVENING AT ELKS HALL.

The retail merchants last night held a meeting at Elks hall and perfected their organization. A preliminary meeting was held last Wednesday, and the organization was last evening made permanent, with the following officers elected: Frank L. Scott, president; Charles Weille, vice president; William E. Cochran, treasurer and George H. Dains temporary secretary. A permanent secretary has not yet been chosen.

Nearly one hundred merchants are on the membership list, including nearly every retailer in Paducah. It is likely that all the others will also join.

Mr. James A. Rudy is chairman of the committee to prepare constitution and by-laws and complete other arrangements for completing the organization.

GEORGIA EDUCATORS MEET.

Tybee, Ga., June 19.—The Georgia Educational Association, which is a voluntary organization made up of the teachers, school commissioners, superintendents and boards of education of the state, began its twenty-seventh annual convention here today. The delegates began arriving yesterday, and when the first session was called to order this morning those in attendance numbered several hundred, and represented nearly every county in the state. The presiding officer is G. G. Bond of Athens. The sessions continue through the remainder of the week, and the program provides for papers, addresses and discussions covering every phase of educational thought and work from kindergarten instruction to advanced collegiate courses. The coming country school and compulsory education in the common schools were the chief subjects of discussion at the opening session.

SUIT FOR INJURIES.

Beulah Holland, through her father, D. Q. Holland, has filed suit in circuit court against the Paducah Railway and Light company for \$10,000 damages. The plaintiff alleges that she and her father were driving down Third street a short time ago, when a car frightened their horse, causing it to run away. They jumped and were injured. D. Q. Holland, the father, sued the company last week on account of the same accident.

NEW MAGAZINE.

ELKS PUBLICATION AT BIRMINGHAM, ALA., BY MR. HARRY ENGLISH.

The "Alabama Elk" is the name of a new publication devoted to the interests of the Elks, just started at Birmingham, Ala., the first number of which has just reached the city. Mr. Harry W. English, a brother to Meeger J. E. English, is editor. Mr. English is one of the most prominent of the Southern Elks, and was one of the charter members of Birmingham lodge, and for years secretary of the lodge.

The first number of the new magazine contains many handsome cuts and much good reading matter. Among the pictures is an engraving of Manager J. E. English.

CAUGHT A CARRIER PIGEON.

THE BIRD ESCAPED HOWEVER BEFORE NUMBER WAS LEARNED.

A little girl named Hotchkiss, who lives on the Cairo road a couple of miles from the city, caught a carrier pigeon yesterday afternoon. She saw that the bird, which seemed weak or exhausted, had gold and silver bands about its legs, but before she could ascertain its number it escaped. It was evidently one of those flown from Louisville, and seemed to be almost tamed. The owners of carrier pigeons in Louisville have been flying them from all points, beginning at Central City, and ending with a 500 mile fly from some southern city.

NEW HOUSES.

FOURTEEN COTTAGES GOING UP ON THE SOUTH SIDE.

Mr. R. L. Cook, the well known contractor, has closed a deal with McGlathery and Mercer for the construction of eight cottages on Clay street, near Fourteenth. He is also building six houses on North Twelfth for Mr. J. S. Hunt.

GO WAY BACK.

OR FEED SO YOU CAN KEEP UP.

People must be well fed in this world if they are expected to do good work. A carpenter with poor tools must take less wages and handle the poor jobs. So in life, the person with a weak, badly nourished body must get out of the way for the strong ones.

A school teacher writes from Vermont. She had been compelled to take a little backwoods school for small wages because she had not the strength to conduct a better school.

"Small appetite and poor digestion kept me weak. I had been compelled to rest at the noon hour and shut myself away from all company morning and night. In this way only could I work, up to about a year ago, when a lady visiting here from California led me to share a dish of grape-nuts with her. During the winter I ate occasionally of the food, always with good results.

Last July it was necessary for me to attend the summer school for teachers. Being poor in purse and sick in body I could not pay the expense of boarding in a big place, so I rented a room and boarded myself. Grape-nuts and cream tasted good and I lived almost exclusively on the food.

Gradually, to my surprise, toward the close of the second week the sort of mental haze that had been about me for a long time broke away and I grasped the thought presented with a clearness I had not known for a long time.

I came back to my school with better health and memory than I have known for 20 years, and now, while at work, I repeat I have better nerve and brain power and better digestion than I have had before in 20 years."

There is a reason for this. Grape-nuts food is a sore, steady brain builder. It is made for that purpose and anyone can prove it by use. Name given by Postum Co., Battle Creek, Mich.

A booklet of excellent recipes in each package of grape-nuts.

WITH THE THEATRES.

The English Stock company will tonight present the great French melodrama, "The Stranglers of Paris." Last night there was a fair crowd to witness the last presentation of "East Lynne" and the indications are for a crowded house tonight.

"THE STRANGLERS OF PARIS."

CAST.

Jagon, the stranger—Mr. James. Joseph Blacchard, a condemned convict—Mr. Harmon. Mons. Claude, chief of police—Mr. Grigg. Captain Guerin—Mr. Seaton. Lorenz, Jagon's accomplice—Mr. Forsythe. Robert de Moillant, an army officer—Mr. Grigg. Bontout, a detective—Mr. Floresco. Lonatol, a convict—Mr. Forsythe. Zavior, a notary—Mr. Seaton. Methilde, Jagon's daughter—Miss Ford. Jeanne Guerin, the captain's daughter—Miss Stockton. Zoe, friend of Jeanne—Miss Field. Sophie Blanchard, Joseph's wife—Miss Gale.

SYNOPSIS.

Act 1. The murder.
Act 2. The next morning.
Act 3. Discovery of the assassin.
Act 4. In Prison.
Act 5. Returned to avenge his daughter's death.

"The Stranglers of Paris," the great French melodrama to be produced Thursday, Friday and Saturday of this week by the English Stock company, is most interesting from many standpoints. In the first place it achieved the broadest reputation of any melodrama written within the last century in France, England and America, and has been played by all the leading star actors. What makes the play doubly interesting is the great character of Jagon the stranger. While wholly different from that of "Dr. Jekyll and Mr. Hyde" the character is just as gruesome. Jagon strangled many people in Paris to obtain possession of what wealth they had on their person, but he did this through his almost childish love for his daughter. He wished her to live in luxury but she never knew from whence the money came. Mr. James will impersonate the role of Jagon, a part in which he gained a wide reputation for his strong character work during the run in Boston. Other members of the cast have strong parts.

Those who attended the play "Married for Money" at the La Belle park theatre last night seemed very well pleased with the evening's entertainment. Tonight "A Practical Joke" will be presented, and an unusually good show is promised. The play is one of the great American successes and the players are well cast in roles for which they are particularly fitted—and in consequence every one will be at his best. New specialties and music add to the attraction of the bill. The balance of the week, including Saturday matinee, is taken up with this production. A special attraction tomorrow night will be the appearance of some local amateurs, in conjunction with the regular bill.

"Old Brindle"

Good friend of my youth, while I cherish the truth, to thy worth I'll respectfully bow—A blessing so real in misfortune and weal, thou kind and "benevolent" cow. Thy merits are such that the poor and the rich, are a unit in singing thy praise; yet some would delight in watching thy "flight" to the fields and the forests to graze; while others maintain that you'd better remain—and they argue with logic profound: "You have plenty to eat from the grass in the street, and thus aid in improving the town." So opinions now clash and eloquence flash, as the combat grows deeper and hotter. But "Old Brindle," serene, still appears on the scene, quite secure in the friendship of Pot-r.

Another question on which all will agree is the great saving to those who attend Dorian's cut-price Clearance Sale, which began this morning, June 16, to continue one whole week.

THE BRITISH PEERAGE.

Peccantities and Peccantities of the Use of Titles Among the Aristocratic Families.

If the British peerage had been especially designed as a puzzle it could hardly have been made more perplexing than it is, even for those who move within its exalted circle. In fact, so confusing is it that a peer might well be excused for having occasional doubts as to his own identity, says a London correspondence of the St. Louis Republic.

If, for instance, one were to call out the name "Lord Grey" to an assembly of the peerage, no fewer than five of our aristocrats would answer in the name; for there are an Earl Grey, a Viscount Grey de Wilton, Lord Grey de Ruthyn, Lord Grey of Groby and an Earl de Grey; while Baron Walsingham is also a De Grey.

The titled Hamiltons are quite as confusing, for are there not a duke of Hamilton, a marquis of Hamilton, two Barons Hamilton, of whom one is the duke of Argyll and the other Viscount Ilay, and a Lord Hamilton of Dalzell; while Hamilton is also the patronymic of the duke of Abercorn and Lords Holmpatrick and Belhaven.

Two of our peers answer to the description of Lord Amherst—Earl Amherst and Lord Amherst of Hackney. There are three Lords Howard; one of Effingham, another of Glossop and the third of Walden. There are two Lords Mar—the earl of Mar and the earl of Mar and Kellie—and so on, until the brain almost reels with the confusion of them all.

And where peers do not bear identical titles, the titles are so similar that none but a peerage expert can always distinguish them. There are a Lord Middleton and a Lord Middleton; a Lord Langford and an earl of Longford; Lords Lifford and Lifford and a Viscount Kynnauld and a Baron Kynnauld. And how is the man in the street to distinguish between the earl of Mladsey and his lordship of Mladsey; between Lord Hampton and Viscount Hampden; Lord Lisle and Lord de Lisle, or between the earl of Milltown and Viscount Milton?

More difficult to master than the identity of peers hearing the same, or practically the same, titles is the pronunciation of many of the names in our peerage. Why, for example, should the marquis of Abergoenny be known as Abergoenny, Lord Stourton as Sturton, Lord de la Warr as Delaware, the marquis of Cholmondeley as Chumley, Earl Beauchamp as Beecham, Lord Farquhar as Farker-er, Lord de Ros as De Ross, Baron Hotham as Hutham, Lord Magheronmore as Lord Marramorn? Lord Powerscourt becomes Powersort; Lord Poulett is addressed as Paulet; and among aristocratic family names Leveson-Gower is transformed into Looson Gore; Flenes into Fyoes; Foljambe into Fooljom; Dumaresq into Doonierick; Dalzell into De-ell and Colquhoun into Cohoon.

Another curiosity of the peerage which adds to the mystification of the student is the number of foreign titles borne by our nobles—in fact, there is scarcely a country in Europe which has not conferred a title on one or other of our peers. The earl of Newburgh is also an Italian Marquis Blandini, duke of Montdragon, and count of Carniola, and bears the very un-English name of Sigismund Nicholas Venantius Gaetano Francis Gnostus-an.

The duke of Hamilton is also duke of Chateaufort in France; Lord Reid combines the chieftainship of the Scottish clan Mackay with the title of Baron Mackay of Ophern, in Holland, and until 1879 was not even a naturalized Englishman. The earl of Perth is duke of Meifort, Comte Lusara and Baron de Valrose in France; and the earl of Cloacarty is known to Dutchmen as marquis of Heusden.

The duke of Marlborough is the Scottish prince of Mindelheim and a prince of the Holy Roman empire; Viscount Bridport is duke of Broate in Italy; the duke of Wellington is a Spanish grandee, prince of Waterloo, a Spanish duke, and a duke, marquis and count of Portugal; and Lord Pembroke is a baron of the Austrian empire.

Few things are more surprising than the large number of so-called names to be found in the peerage. Lord Strathcona and Viscountess Hambleden are Smiths; Robinson is the patronymic of the marquis of Ripon, Earl de Grey and Baron Rosmead; and the Brownes (with an "e") are represented by Lords Sligo, Kilmaine and Kenmare. The late Lord Ranagh was a Jones; and the famous earl of Liverpool answered to the name of Jenkins.

Among other commonplace names borne by our peers are Pratt, Parker, White, Hay, Cole, Coke, Burns, Dodson, Hogg, Hozler, Wood, Williamson and Wallop.

It is remarkable to what an extent titles run in certain families. The Howards, Douglasses and Starns, or Stewarts, claim no fewer than 20 peerages among them; the Stanhopes are represented by three earldoms and there are three noble families of Grosvenors; while even such ordinary names as Parker, Hay and Brown are

popularized two marquises, four earldoms and a barony.

ELECTRIFIED HOUSES.

Explanation of an Apparently Remarkable Though Simple Phenomenon.

An instance of nonfamiliarity with simple scientific facts is illustrated by an article that goes the rounds of the press once or twice annually, namely, the story of the electrified house. The article usually states that some one has discovered that everything he touches in his house—the radiator, picture frames, banquet lamps, etc.—gives him an electric shock. Hence, he fears there is some connection between the arc-light wires and the water pipes near his residence. The electric light inspector is, therefore, summoned, and reports that the wires of his company are intact and that the electricity must come from some other source.

It does not dawn on any of the people consulted that the discoverer of the phenomenon is unconsciously performing one of the simplest and oldest of electrostatic experiments, the shuffling of his shoes over the dry carpet raising the potential of his body to several thousand volts, which discharge at every opportunity. One may even get electric discharges from his knuckles to the brass knob of a handbag which he may be carrying on a stone pavement during cold, dry weather.

But, dismissing newspaper science, it is somewhat astonishing, in view of the many ways in which in cold, dry countries electricity is unintentionally developed and manifested by sparking, that the first knowledge concerning this phenomenon did not come to the attention of this way rather than by the attraction of light substance by amber. The explanation of this, however, may be that the scientists of hygene days did not reside in cold, dry countries.—Cassler's Magazine.

SOULFUL SUMMER SONNETS.

My Trout.

Aha, pretty speckle-sided! Yes, it is you! Don't try to deny it; my eyes are too true.

For a trout in a pool to decieve me; you elude right over that gravelly shallow and hid down deep to the shade by that yew-tree root;

I'll have you, and maybe another in boot. You're good for two pounds on the scale, if so chance;

When you feel the hook, dear me; how you'll bounce!

My rod? Yes, here it is extending near by; The reel is all ready and here is the fly.

He's shy; through these bushes I'll stealthily glide.

Behind the old yew-tree safely to hide. And over the bank I'll thrust but the tip.

Of the rod, with my hands firmly set on the grip.

The fly strikes the water—there! there! what a jerk!

Steady, steady, old rod! Now you bend to the work!

"The music, the cluck of the outflung reel; He makes for the opposite bank—see him wheel!

The line's nearly out, and he'll double that stump.

If I check him! Right into the water I jump.

And follow him down till danger is past. Whew! it's cold! But, old fellow, you're tiring at last.

Fit! What is that voice? "Wake up! Why, you plunge around in bed like a hooked muscatel!"

It's time to be starting; no morning for trout."

"What made you disturb me, old fellow," I said.

As I turned so my elbow and side from the bed.

"I'd give all the fish that swim in the stream For a pull at that trout that I hooked in my dream."

—Chicago Evening Post.

East Indians Breathing Exercises.

The Indian sages do not practice their breathing exercises simply for the sake of repose and sleep. During the in-breathing energy is increased. These Indians are not the only people who believe that with the in-breathing of pure air there comes something still more vital than oxygen; but the Indians have developed the art of breathing more than any other people. One of their favorite exercises is to inhale through the left nostril, to hold the breath for a time, and then exhale through the right nostril. Another of their exercises is to drink water through the nostrils, and after it has been retained for a short time, it is expelled through the nostrils and the mouth. This is said to cool the head.—Chambers' Journal.

The World's Smallest Horses.

According to the theory of a well-known horse breeder, the conditions that would produce the smallest race of horses are a mountainous country in a very hot climate. One of the most experienced horse breeders of New England describes a race of horses which he says he discovered had been existing for many years on a high plateau in the island of Hayti, and tells his experiences in capturing and transporting them to his home farm in Rhode Island.—Leslie's Monthly.

Herbert Wallace of Saginaw, Mich., and Mary McReynolds, of the city, will be married at her residence, Ninth and Caldwell, on Wednesday and will leave Thursday at noon for Saginaw to reside.

Miss LeRoy Green, daughter of Mr. B. E. Green, formerly of Marshall county, and Mr. Mason Harwell will be married at their home, Quannah, Texas, on Wednesday evening, June 25.

Miss Maud Slaughter, accompanied by Herman Irwin, left Murray today for Port Arthur, Texas, where she will be married upon her arrival to Mr. Henry Lampton, formerly of Murray.

Mr. Willie Greek and Mrs. Ellen Young, well known young people of the city, were married last evening by Rev. Chiles at Resone Mission.

Mr. James G. Blaine, a well known undertaker, and Miss Etta Blankenship, were married at Wickliffe, where they both reside, last night.

Mr. Ed McKee, of Fulton, and Miss Bailey, of Coldwater, Miss., were married at 6 o'clock yesterday at the home of the bride.

CAPTAIN STICKNEY GOES SOUTH.

A letter received today states that Captain G. F. Stickney, formerly of Paducah, but employed at Sault Ste Marie, Mich., for the past year, has accepted a position in Alabama, and leaves for his new home shortly. His family will follow later. Captain Stickney has done valuable work for the city, and is a brother-in-law of Captain Pat Halloran.

DROUTH IN TEN.

NESSEE BROKEN.
Memphis, Tenn., June 19.—The drouth that has prevailed in West Tennessee, Eastern Arkansas and North and North Central Mississippi for a month past has been broken by generous rains within the last two days. Crops generally were clear of grass, and the soaking they have received will put them in fine condition.

DEATH NEAR LYNNVILLE.

Mrs. Bell, an aged lady of Tennessee, died of old age near Lynnville, Graves county, where she was visiting her son, Jasper Bell.

SLOW COUNCIL

The Legislative Officers Will Not Revise Ordinances.

A Number of Small Cases Tried in Police Court This Morning.

Judge Sanders stated this morning that he thought the Palmer Transfer company is liable for tax on each of its hacks. He said he had been waiting for the council to do something with the city ordinances but it looked as if they had no time to do it. He thinks that the ordinances in force under the third class charter which do not conflict with the second class charter are still in force but it is a great deal of trouble to find out which these are.

Officer Tom Evitts was charged with using insulting language towards H. T. Summers, circulator on the News-Democrat, and Mr. Summers was charged with using insulting language towards Officer Evitts. The trouble arose over a subscription bill, and Mr. Evitts accused Mr. Summers of insulting his wife about the bill. The evidence showed that they applied a number of uncomplimentary terms to one another, for which the court assessed them alike \$3 and costs. In addition each was placed under a bond of \$100 to keep the peace towards the other.

The case against Harry Miller, white, for a breach of the peace, J. R. Bell, white, for a breach of ordinance, and Phoebe Mayberry, colored, for using insulting language, were dismissed.

Ernest Oment was fined \$5 and costs for a breach of the peace.

Fred Uppenhans and Marie Owen, white, were fined \$20 and costs each for immorality.

Did You Ever Pick Up a Good Thing

The Opportunity is Offered You Now In Our

Remnant Sale of Men's Spring Suits

A man came into our store last week and bought a Remnant Suit. He remarked to the salesman that his clothing never cost him HALF what it did some people. He said it was because he read advertisements and picked up "Good Things." He went out with a \$15 Remnant Suit, but it only cost him \$9.80. This opportunity is offered you now and all this week.

For \$6.90 you can come and take pick of an entire counter of \$8.50, \$10 and \$12 men's Spring Suits—remnant lots—one and two of a kind. But you are sure to find a fit in the lot—and the price is so low you can't help buying.

\$6.90

For \$9.80 you can choose from 125 men's spring suits—remnant lots from our \$12.50, \$15.50 and \$18 lines. Not a bad pattern in the lot, and you'll be surprised to see at what a great reduction they are selling.

BIG INCREASE.

ILLINOIS CENTRAL CAPITAL STOCK INCREASED OVER \$15,000,000.

New York, June 19.—The board of directors of the Illinois Central railroad company, at a meeting yesterday, recommended that the capital of the company be increased from \$70,000,000 to \$85,040,000 by the issue of 158,400 shares, each stockholder to have the privilege of subscribing to his rateable proportion of the new stock at par.

The recommendation will be acted on at a special meeting of the stockholders in Chicago on August 29. The funds are to be used in providing additional tracks and equipments.

SECRETARY ESCOTT TO READ A PAPER.

Secretary Escott of the local Y. M. C. A. will go to Greenville, Ky., on the 27th to attend the Muhlenberg county Y. M. C. A. convention. A fine program has been arranged, and it will be one of the best county conventions ever held. Secretary Escott will read a paper on the boys' work in the association, and will also have charge of the boys' meeting on Sunday afternoon.

CROSSLAND MAY RUN.

It is rumored that Attorney Ed Crossland, son of S. H. Crossland, who ran for Congress, will likely be a candidate for the Democratic nomination for railroad commissioner in this district.

Mr. Charles Carney has returned from Kankakee, Ill., where he has been attending school.
